VI. TERM OF CONTRACT

Service is sold under contract to take continuous service under this schedule for a minimum period of five (5) years for Distribution Delivery Charges.

In the event of early termination, the Customer shall pay either the balance of the contract responsibility or the net cost of installation and removal of the facilities installed by the Cooperative to serve the Customer, whichever is less.

VII. GENERAL

All lamps are lighted from dusk to dawn every night, or for approximately 4,200 hours per annum.

The Customer shall obtain written approval from public authorities for lights to be located on public thoroughfares.

The Customer shall select the location of all poles installed on the Customer's property under the provisions of this schedule, and poles will be relocated only on payment by the Customer of the cost of such relocation. The Customer shall be responsible for all damages to, or loss of, the Cooperative's property located on the Customer's premises, unless resulting from causes beyond the Customer's control.

When the Customer requires the Cooperative to furnish facilities in excess of those normally supplied by the Cooperative, the Customer shall pay the Cooperative's excess investment, with the maintenance of the special equipment subject to:

- (1) Time and ability to obtain replacement, and
- (2) Advance payment of the then excess cost over standard for each replacement.

When lighting is served from an overhead circuit, the Customer may elect to own and maintain the poles and circuits upon which the Cooperative will install the lighting fixture. Customer-owned facilities shall be approved by the Cooperative.

When lighting is served from an underground circuit, the Customer shall own, install, and maintain all necessary concrete bases for poles to be installed in accordance with Cooperative specifications. The Customer shall also own, install and maintain all facilities including circuits, conduit and pedestals necessary to supply Service to the base of the pole.

VIII. CUSTOMER OWNED EQUIPMENT - COMPANY OPERATES AND MAINTAINS

Whenever the Customer furnishes, installs, and owns the entire lighting system using equipment approved by and installed in a manner acceptable to the Cooperative, the Cooperative may at its discretion, operate and maintain the system at the following monthly rates.
