

At REC, You're an Owner – Not a Customer.

Rappahannock Electric Cooperative (REC) is not like other types of utilities.

Our business model is based on the 7 Cooperative Principles.

This is the seventh in a series of seven to remind our member-owners of these basic principles on which the business they own is operated.

Cooperative Principle #7:

(Concern for Community)

While focusing on member needs, cooperatives work for the sustainable development of their communities through policies accepted by their members.

The 7 Cooperative Principles

1. Voluntary and Open Membership
2. Democratic Member Control
3. Members' Economic Participation
4. Autonomy and Independence
5. Education, Training and Information
6. Cooperation Among Cooperatives
7. **Concern for Community**
