

Your Values,  
Your Business.

Social  
Responsibility

Co-ops make social responsibility look easy because **it's at the heart of what they do**. Co-ops **care about the world** in which we live and know that this way of doing business is the **best way** to bring about **economic and social change**.

Whether it's selling **fair trade** products, offering **local** produce and goods, making use of **environmentally-friendly** processes or helping those in need to **eliminate poverty**, co-ops take their **role in our global society** seriously.

That's what we mean when we say "**co-ops turn values into good business.**"
