

Senior Management

Timothy C. Martin

Vice President of Engineering and Operations

Timothy C. Martin became vice president of engineering and operations on March 1, 2011. He is responsible for engineering power supply and district operations. Martin will be providing strategic leadership for these areas. Prior to joining REC, Martin worked at Carroll Electric Membership Corporation in Georgia and held progressive management positions, overseeing a wide variety of functions, including engineering and operations, construction, human resources, and key accounts. He holds a Bachelor of Science in Industrial Engineering from Georgia Institute of Technology and a Masters of Business Administration from the University of West Georgia. He also is a registered, professional engineer in Georgia. Martin has been involved in both civic and community organizations. Martin and his wife Shelley, along with their children, live in the Fredericksburg area.
