REC will furnish a single phase meter base after work request is established.

Please return this completed form with a copy of the site plan indicating the location of the meter base (marked with an "X") and the underground facilities (ie: well, septic, drain field, gas/water lines, and/or underground propane/oil tanks). Please send your completed form with documentation to the closest office at:
BlueRidgeEngineering@myrec.coop, BowlingGreenEngineering@myrec.coop or CulpeperEngineering@myrec.coop.
