2.15 ACCEPTANCE PROGRAM

Under page 14, Section 2.15 - Acceptance Program:

Remove the following requirements:

Installations will be accepted by REC after the following conditions are met:

- A. Documentation of completed installations including the requirements listed under Section 6.*
- B. Successful meter reading by REC of all installed meters for two consecutive billing periods after initial installation.*
- C. Installations will be conditionally accepted if REC can obtain a read during the first billing cycle after initial installation.*

Replace with the following requirements:

Installations will be accepted by REC after the following conditions are met:

- A. Documentation of complete installations including the requirements listed under Section 2.13.*
- B. Installations of both meters and network equipment will be conditionally accepted based on documented confirmation of the proper codes, visual indicators, or other methods from the device to indicate connection to the network. These confirmation methods will be provided to the successful bidder.*
- C. Installations will be fully accepted if REC can obtain a read during the first billing cycle after initial installation.*
