

The Power of Change

Since launching in 2005, thousands of Rappahannock Electric Cooperative members give voluntarily to The Power of Change. These funds are invested back into our communities so we have a better place to live, work and play. The Power of Change grants are awarded by CARE Charity, Inc., a volunteer board, which distributes the funds twice a year to 501(c)3 non-profit organizations across the REC service territory.

Rappahannock Electric Cooperative

Out of 900+ electric cooperatives nationwide, Rappahannock Electric Cooperative (REC) is one of the largest. As a member-owned electric utility, REC serves more than 170,000 connections in 22 counties in Virginia.

REC consistently ranks amongst the best for customer service and reliability.
