

Ready to Jumpstart Your Career with an Internship That's Actually FUN?

Come join one of the top Communications & Public Relations teams in Virginia — right here at Rappahannock Electric Cooperative (REC)! We're not your average utility. We power 180,000+ homes and businesses across 22 counties, support major businesses and initiatives like data centers, and we've got stories that deserve to be told with energy, creativity, and *you*.

What You'll Really Be Doing

We're looking for bold, curious, creative interns who want to roll up their sleeves and *do the work* — from podcasting to internal storytelling to social media content that actually grabs attention. You'll work side-by-side with award-winning professionals and leave with real-world experience, new skills, and portfolio-worthy work.

You'll Learn How To:

- Lead your own projects (yes, YOU!)
- Write with purpose and power
- Plan content that pops
- Speak in a brand voice — and know when to shake it up
- Communicate clearly in a complex industry (like... explaining why EVs are cool without sounding like a textbook)

Available Internships

Podcast Producer & Editor

Love podcasts? Want to learn how to create them from scratch? You'll help shape a new series from concept to final cut — booking guests, writing questions, editing audio, and producing episodes that people actually want to listen to.

Internal Communications

Our employees are rockstars — and we want you to help tell their stories! You'll write features for our printed magazine, create digital content for internal platforms, and craft messages that motivate and inspire.

External Communications

Translate the amazing work REC does into messages that inform and connect with the public. You'll write for our website, emails, bill inserts, and more. If you love turning "meh" into "wow," this one's for you.

Social Media & Digital Content Creator

Can you scroll AND strategize? We're looking for someone who can craft thumb-stopping reels, capture behind-the-scenes magic, and create content that sparks real engagement across Instagram, Facebook, X, and LinkedIn.

Who Should Apply?

Students who are self-starters, strong writers, enthusiastic communicators, and eager to learn. No utility experience needed — just bring your creativity and willingness to dive in.

Location: REC (Virginia-based, hybrid options may be discussed)

Timing: Summer 2025

Perks: Real-world experience, fun team environment, resume-building projects, and a chance to make an impact.

If you are interested in this opportunity, please submit your cover letter, resume, and application to rechr@myrec.coop through May 5, 2025, at 5:00 PM EST.
